**TAYLOR'S UNIVERSITY**

**ITS61104 WEB SYSTEMS AND TECHNOLOGIES**

**Assignment 1**

Develop a site with a minimum of 5 webpages that contain comments, hyperlinks to each other, hyperlinks to other sites, table, form, lists, images, and other HTML Elements that have been taught during WST classes.

You are also expected to use CSS styles in all the three manners i.e. inline, internal and external.

The content for the pages are up to you. However, they must be relevant.

You are required to prepare a hardcopy report with the contents below:

1. Purpose of your site
2. Screenshots of your pages
3. HTML codes of each page

Due date: 12th May 2016.

Marks for this assignment: 20 marks which totals up to 10% of the overall final mark.

Breakdown:

- Site created as per the requirements: 10 marks
- Creativity and good presentation of the site: 10 marks
